THE FUTURE IS HERE

As president of OAPT, it is my honor to welcome you to our 49th annual conference and trade show. This year, all of our board members are identified with a specific ribbon on their name badge. If you have any questions, please do not hesitate to ask one of us.

As we are now adapting to what has been termed “the new normal” we now begin to look forward. Thanks to the dedication and work of the OAPT Board, we have continued our growing trend. This year, we have had an increase not only in attendance but also in our trade show. We desire to provide each attendee with the most current information, new vendor contacts, and numerous opportunities to network with your peers. In addition, we have rekindled our relationship with the National Association for Pupil Transportation to unify our student transportation voice.

Once again, welcome to Durant, and thank you for your attendance at this year’s conference. I am excited for the time of learning and growing as we enter the future of student transportation.

Donnie Ryan

President, OAPT

Special Thanks to our Platinum Vendors

Debreon Davis,
Edmond Public Schools (OK)
Executive Director of Secondary
Education

Debreon Davis is a lifelong educator who loves God and loves people. Debreon currently serves as the Executive Director of Secondary Education in Edmond Public Schools in Oklahoma, spending 10 years prior as a high school principal.

Debreon consistently serves her community through leadership coaching, mentoring, and education. Her efforts were nationally recognized when she won the National Milken Educator Award in 2017 for her work with high school students, challenging them to see their potential and fight for their personal growth and in 2019 she won the President's Award in Oklahoma.

Debreon is an active educator, leader, and public speaker who believes in the power of spreading love and hope. She gave a TEDx Talk at the Oklahoma City event in 2022, empowering others to Stand Up Straight during decision making, and will defend and graduate with her doctorate in December of 2025.
